

Help shape health and care services in your neighbourhood!

Lambeth is transforming care by delivering more services in the community — closer to home and outside of hospital settings.

Join our workshop to share your experiences and ideas on how local services can better support you and your neighbourhood.

Take part in our discussions on **four key themes:**

- Supporting people with multiple long-term conditions
- Frailty and end-of-life care
- Health and care for children with complex needs
- Mental health

In Person: Monday 14th July, 10am – 1:30pm, Brixton

Online: Wednesday 16th July, 6–8pm
